

D3 Design Solutions Welcomes Richard Santiago

April 4th, 2016

St. Charles, MO – D3 Design Solutions, LLC (D3DS) is pleased to announce the addition of Richard Santiago as Partner to our talented staff of engineering & design specialists. The addition of Richard further solidifies D3DS as a technological leader in the detail engineering design and 3D laser scanning market.

Richard brings over 24 years of experience of industrial, mechanical and piping engineering design to D3DS. Richard's vast knowledge of plant layout & design as well as 3D laser scanning is a perfect addition to our team of experts. We had the pleasure of working side by side with Richard for over 18 year before being separated in a merger/acquisition restructuring. Needless to say, we're very happy to be teamed up with him again. Richard has a BA in Marketing, Management & Business Administration as well as his MBA from McKendree University. He also holds degrees in Drafting Technology, Computer Information Systems, and Construction Management from Southwestern Illinois College.

About D3 Design Solutions

D3 Design Solutions is a St. Louis, MO based engineering design and software consulting firm specializing in industrial plant design, 3D laser scanning, engineering software management & training and construction support services. Our management team has a combined 60+ years of experience and are experts at finding solutions to your software, design and engineering needs.
